

Patient Portal

Signature Healthcare offers our patients free online access to your personal healthcare.

The patient portal is a secure, convenient way to review your current medications, allergies, immunizations, lab & radiology results, and upcoming appointments. You may also request appointments, medication refills, referrals and communicate with your care team, as well as pay your bill online and have virtual telehealth visits. Visit www.MySignatureCare.org/MyHealth to learn more.

TeleHealth Video Visits

Virtual video visits are available with a provider for non-emergent conditions such as upper respiratory infection, upset stomach or skin rash. Video telehealth visits allow for better and more accurate diagnosis and care. Signature Medical Group patients can schedule a video appointment by contacting their provider's office. Patients must be on the Patient Portal in order to partake in TeleHealth visits.

Electronic Medical Records

Our Electronic Medical Records allow all our providers to securely access your health information, ensuring a visit with someone who knows your medical history, current medications, and allergies. To request medical records, please complete a Release of Medical Information Form in the office or online at MySignatureCare.org in the Patients and Visitors section. You can contact the Medical Records Department directly at 508-941-7069.

Clinical Affiliations

Signature Healthcare and Beth Israel Deaconess Medical Center offer world-class medicine south of Boston. By combining our resources we're providing better access to specialized care, innovative procedures and the research capabilities of one of the nation's preeminent academic medical centers.

Signature Healthcare is proudly affiliated with Tufts Children's Hospital with pediatricians available 24/7, 365 days per year to care for your child in the hospital, and specialists with offices in your town.

Welcome to Signature Healthcare

Southeastern Massachusetts' premier local provider of quality, personalized medical services. We are comprised of the award-winning Signature Healthcare Brockton Hospital, Signature Medical Group (SMG) and the Brockton Hospital School of Nursing.

We believe our distinctive Signature Healthcare team approach is the way healthcare should be: medical professionals across many locations communicating and collaborating, taking advantage of technologies and resources to make a difference in the lives and health of our patients.

Accreditations & Certifications

Signature Healthcare provides exceptional care, as evidenced by the many national societies and accreditation boards granting designations to both the hospital and our physician practices within Signature Medical Group. To learn more about our accreditations and certifications please visit the Quality & Safety page at MySignatureCare.org/Quality.
